Appeals to The National Assembly for Wales

Application number A160921 continued:

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the National Assembly for Wales under section 78 of the Town and Country Planning Act 1990.

If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from the Planning Inspectorate at Cathays Park, Cardiff, CF1 3NQ.

The National Assembly for Wales can allow a longer period for giving notice of appeal, but it will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The National Assembly for Wales need not consider an appeal if it seems to it that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of the development order and to any other directions given under a development order. In practice, the National Assembly for Wales does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by it.

Purchase notices

If either the local planning authority or the National Assembly for Wales refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the County Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part IV of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the local planning authority if permission is refused or granted subject to conditions by the National Assembly for Wales on appeal or on reference of the application to him. These circumstances are set out in section 114 and related provisions of the Town and Country Planning Act 1990.
